Elements of Blue Economy

Our planet is rightly called the "Blue Planet" as 71 per cent of it is covered with water. Thus, the economy related to the marine environment is called the "Blue Economy". It is immensely important for almost all segments of human life, but has not received the attention and importance that it deserves.

Mashriq ko Zara Dekh Jadeed Cheeni Tehzeeb aur Saqafat ke Mukhtalif Rang

The book is an account of multiple visits of the author to China and an in-depth observation of Chinese people and culture. The work maintains that it takes one to live in China to realize that the portrayal of China by all those who have never lived there is only based on speculation and fiction. The book however is not a mere travelogue, but also covers topics like Chinese history, society, politics and economy at length.

Maghrib Aur Islām (Issue No. 48)

One of the most important and fundamental values of Western civilization is the freedom of an individual. But in the last two decades, and in recent years in particular, the tendency of Western governments, institutions and some scholars regarding the hijab seems to contradict this value of the West itself.

ISLAM Religion, Practice, Culture and World Order

Genuine understanding of Islam, the religion, will reveal that Islam is a later moment of that very consciousness which produced Judaism and Christianity, that Islam, the culture, is as much a source of the Western civilization of the present millennium as classical Greece and Rome, that Islam's anti-clericalism made it the first "Protestant" revolution, that-
